- [Resources & Links](#)

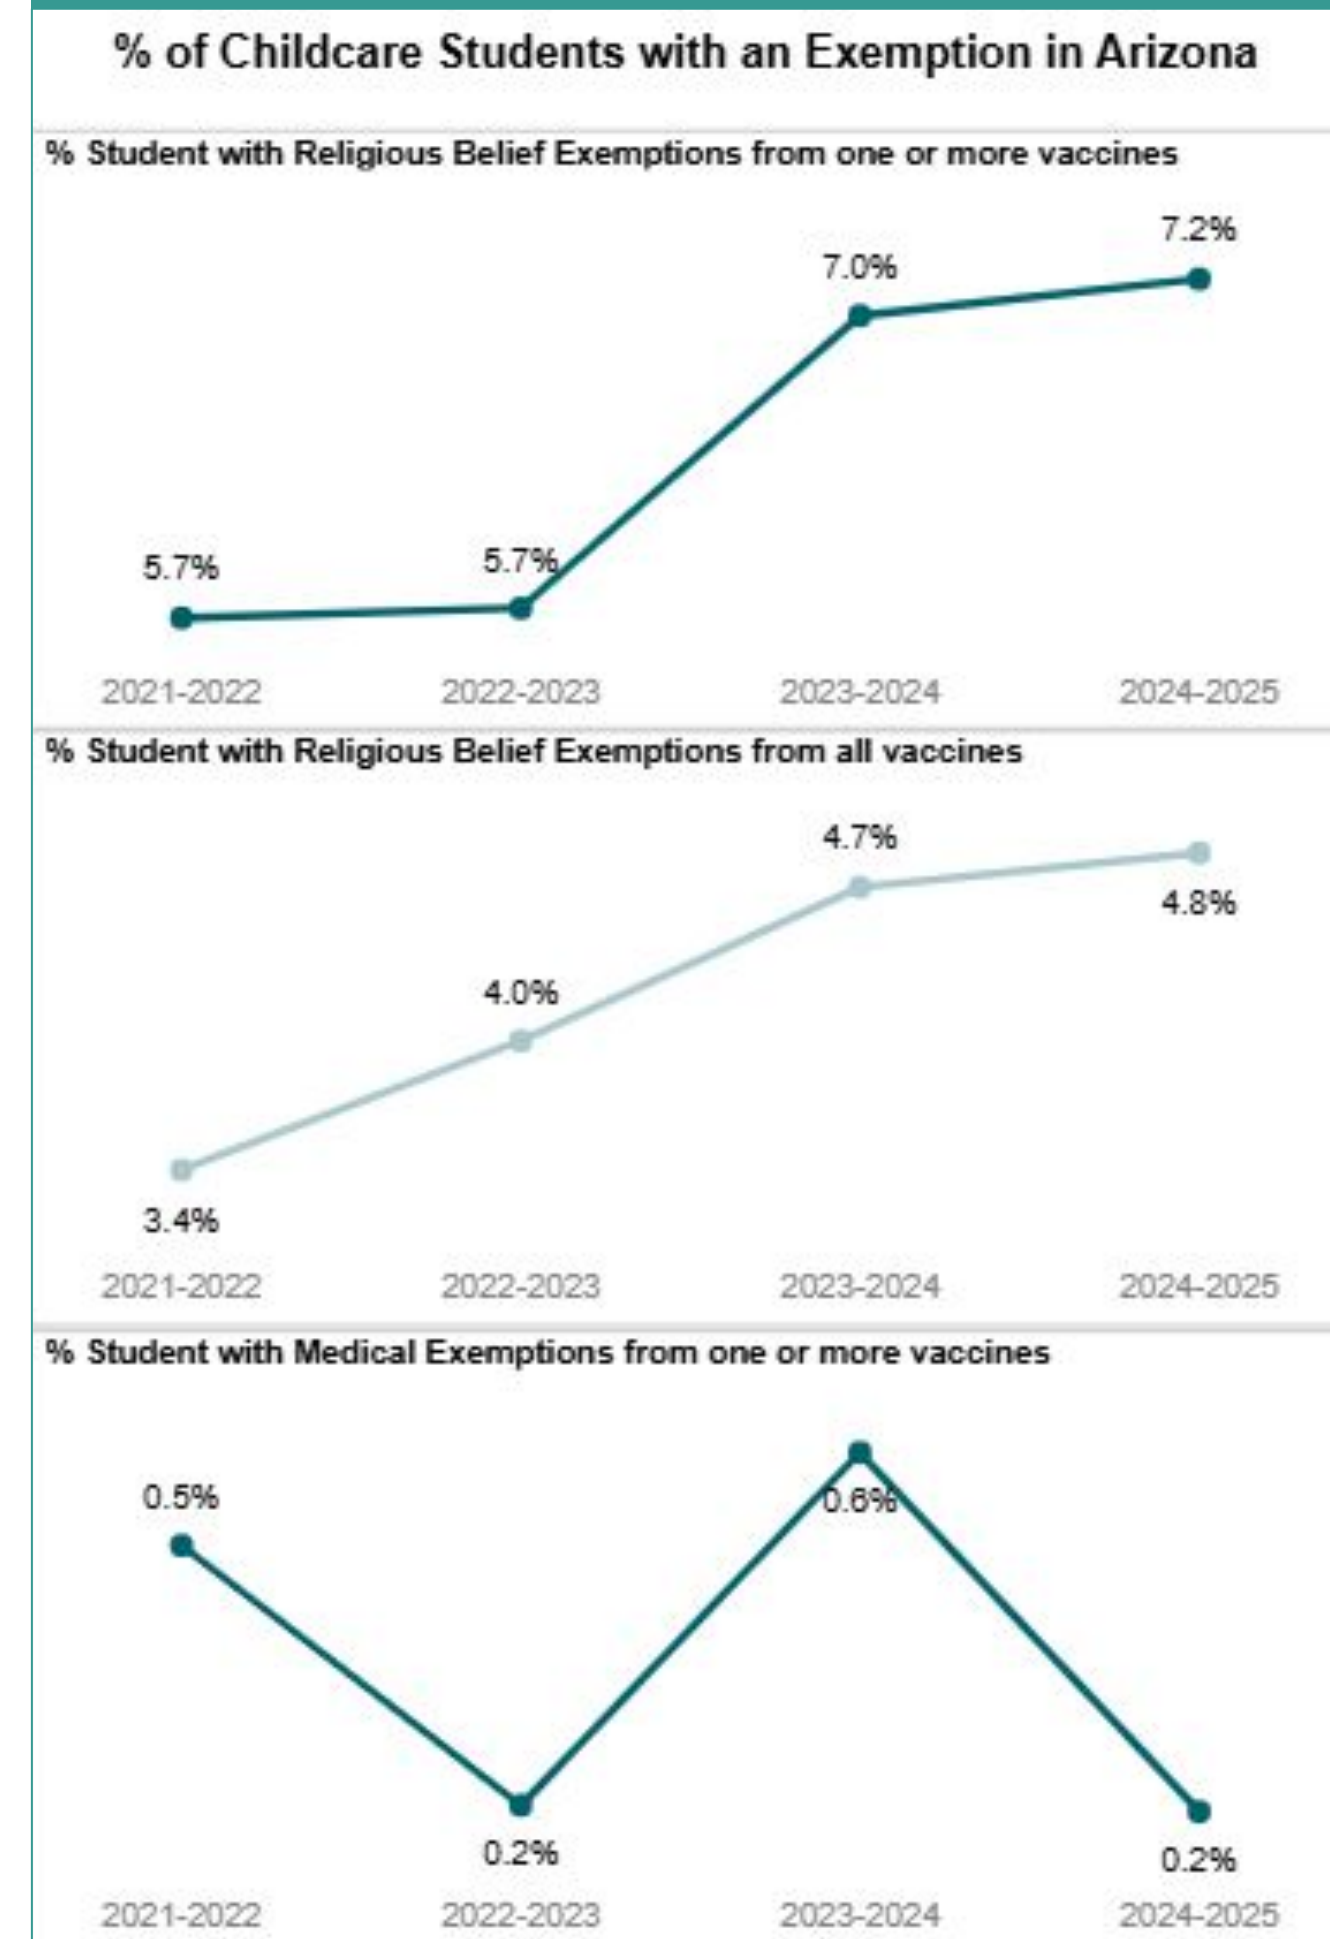

What is the IDR?

- An annual, state level, self-reported survey about routine childhood immunizations.
- Opens early September and due by **November 15th** every year
- Assesses immunization coverage and exemption data from the following grades:
 - Child Care/Preschool
 - Kindergarten
 - 6th grade
- Intended to be a representative sample of immunization coverage in Arizona.

Why is the IDR Important?

- How did we get this data? the IDR!
- One of the main factors in determining state and local health department activities in regards to immunizations.
- Helps identify pockets of under-vaccinated students and supports additional measures to assess community vulnerability.
- Parents and any public person can look at each schools immunization rates, particularly when considering enrollment.
 - Example: Immunocompromised child at home so herd immunity is very important for all family members.
- Data is shared with CDC, community stakeholders, and community members.

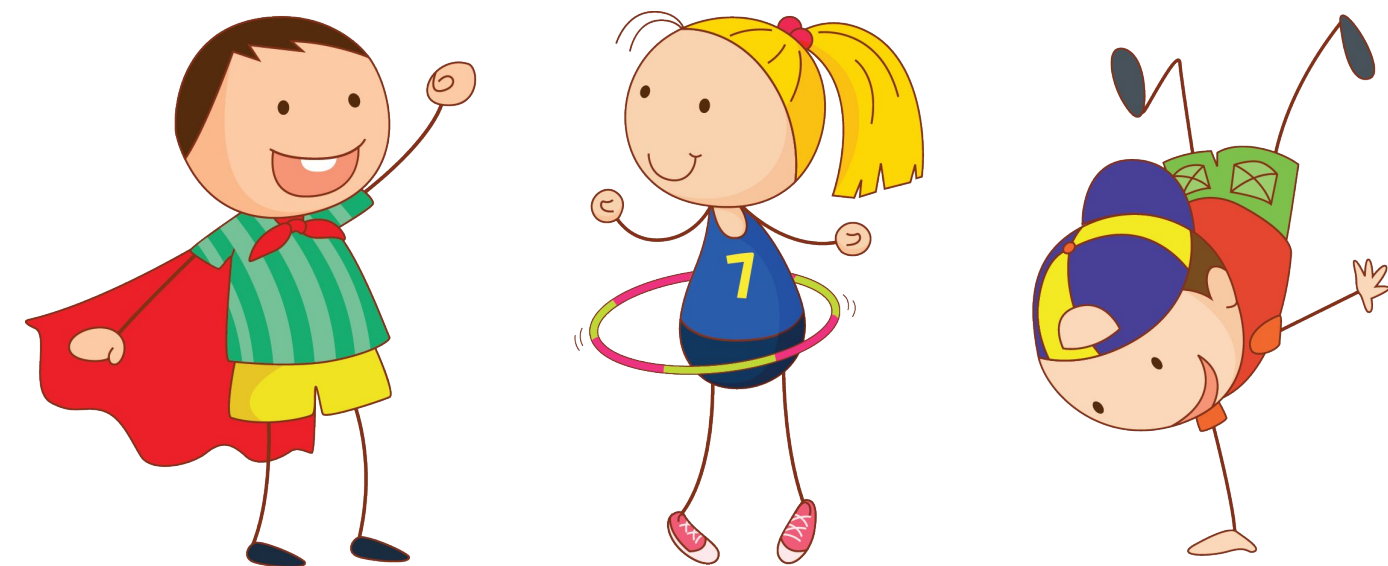

[Click here to be redirected to the data site](#)

Who Needs to Complete the IDR?

- All licensed child care providers that serve children who are **18 months through 5 years old**.
 - This includes child care centers, home-based providers, Head Start/Early Head Start, preschools, and pre-kindergarten.
- If a facility provides **ONLY** before and/or after school care for elementary children, they do NOT need to submit an IDR for those grades.

Required per *Arizona Administrative Code R9-6-707*

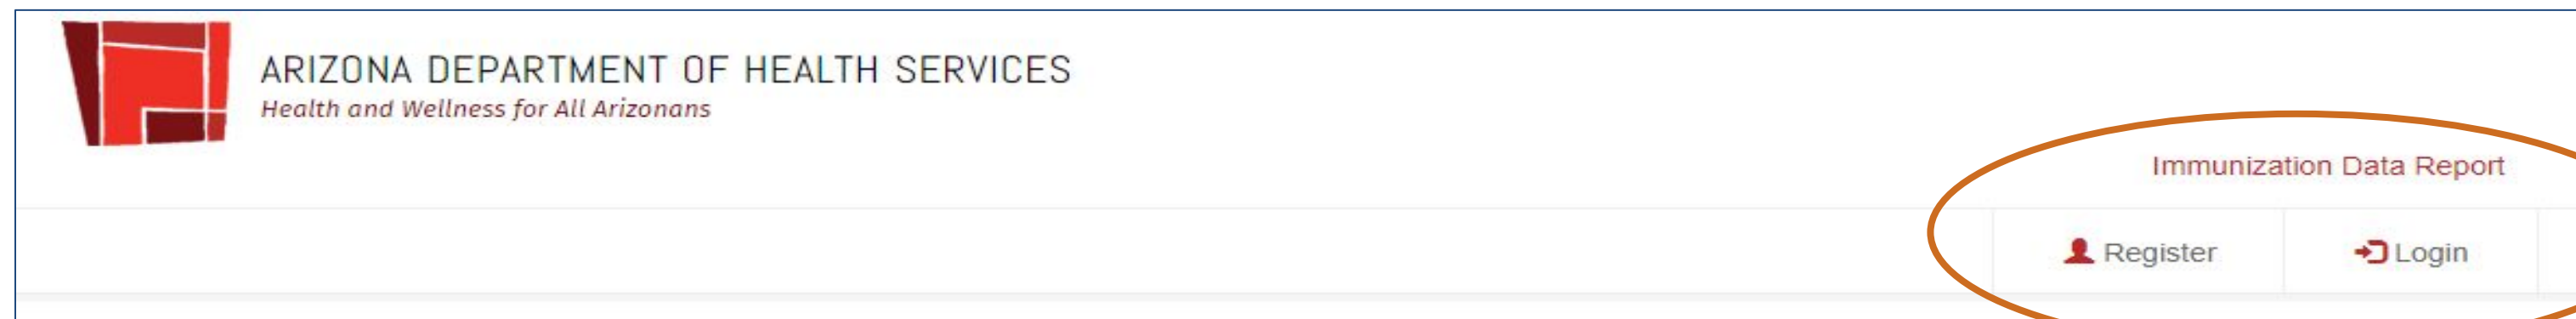

Filling out the IDR

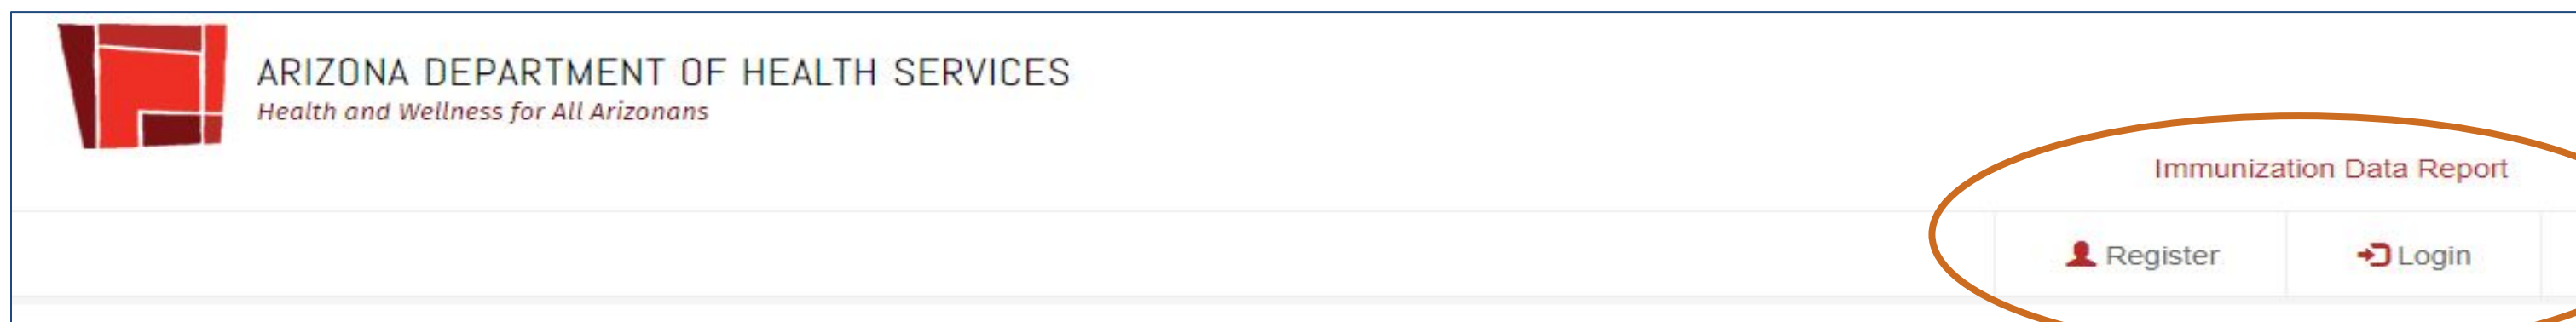

Getting Started

- Gather all immunization records for children 18 months through 5 years of age.
 - Age is as of the data you submit your report.
 - You do NOT need to submit information for children younger than 18 months.
- Submit total counts rather than individual children's records.

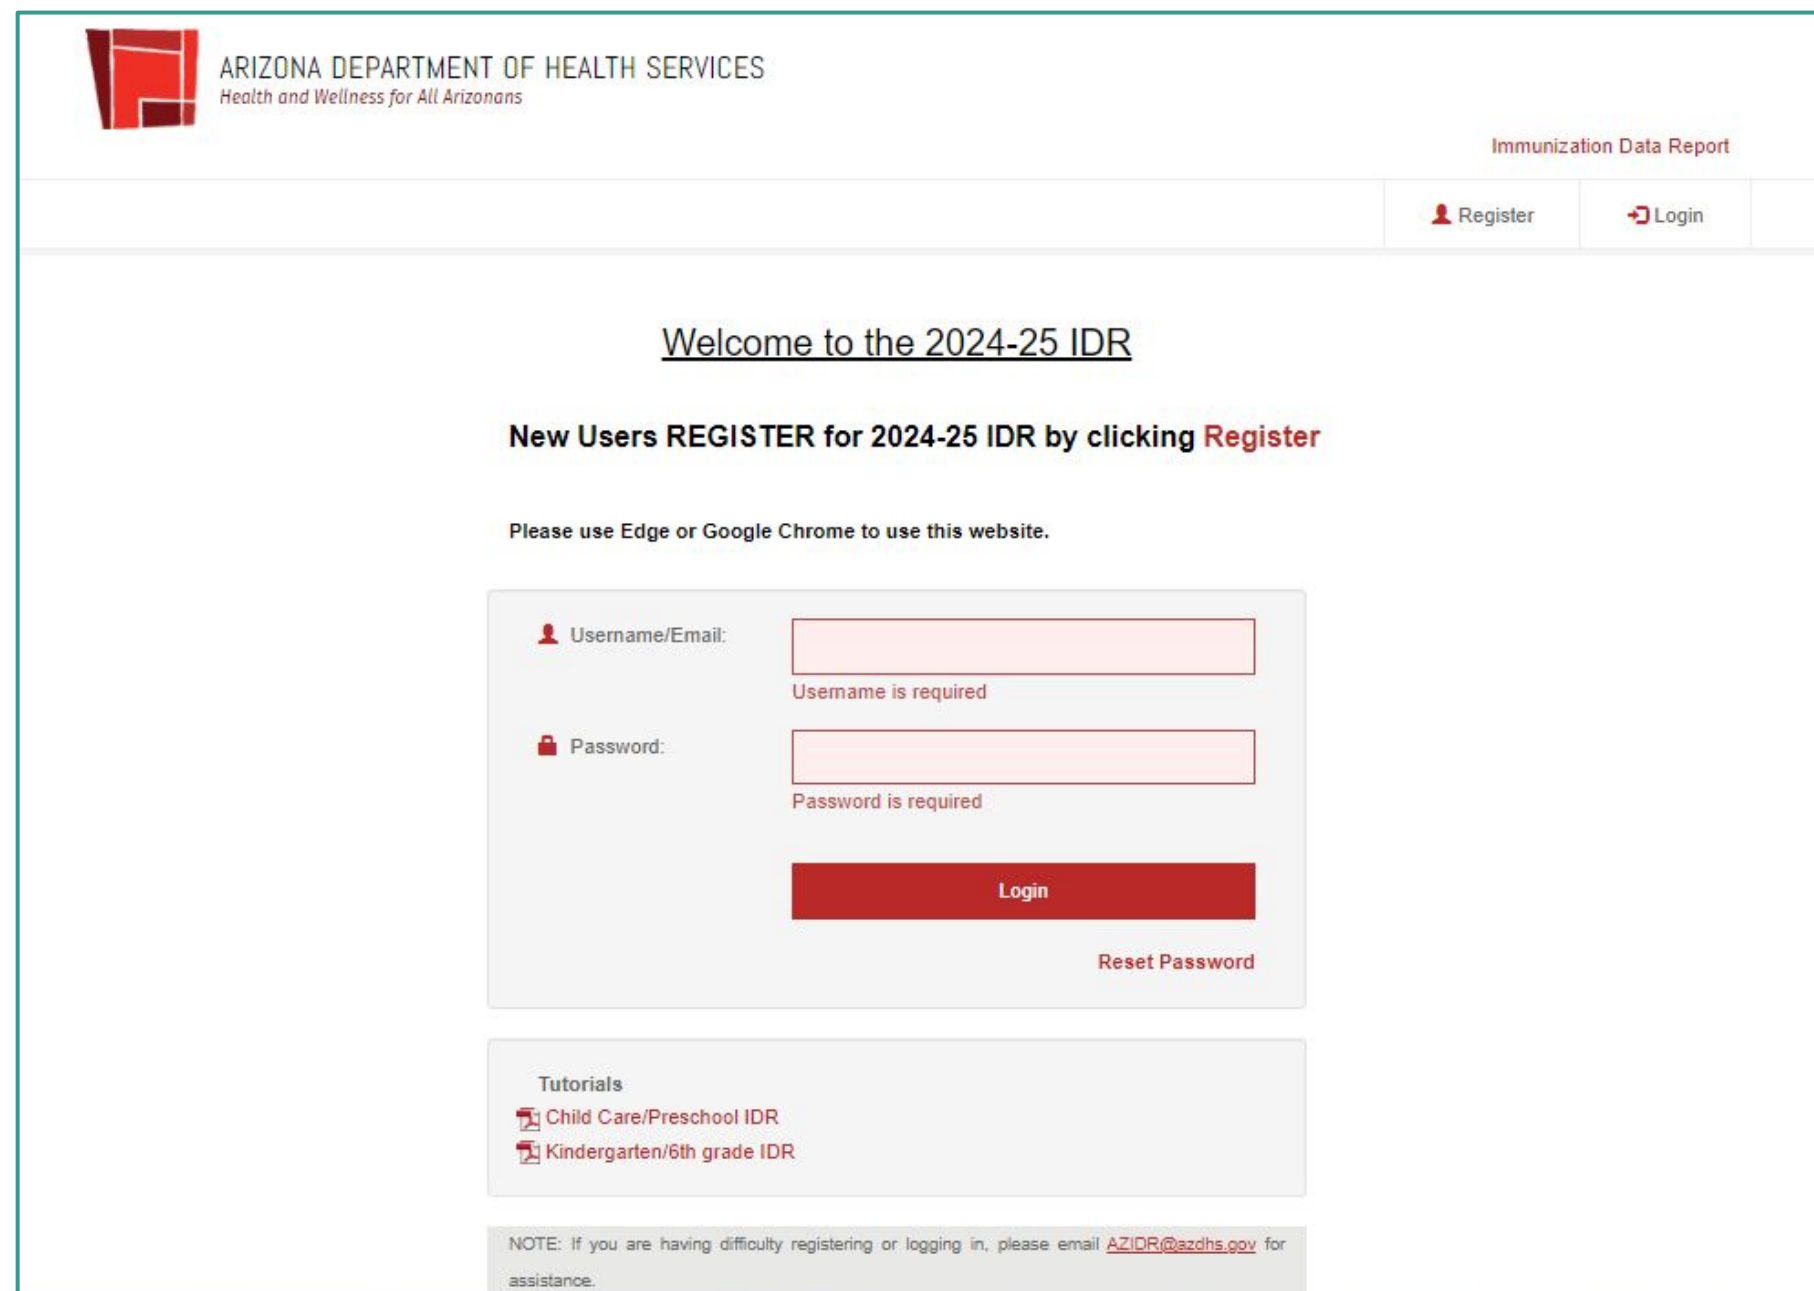

Getting Started

- You will report the following information by vaccine:
 - ✓ Total # fully immunized
 - ✓ Total # catch-up/minimum interval
 - ✓ Total # with exemptions on file
 - ✓ Total # not in compliance
- You will also report:
 - ✓ Total # of temporary medical exemptions
 - ✓ Total # of permanent medical exemptions
 - ✓ Total # of religious exemptions for one or more vaccines
 - ✓ Total # of religious exemptions for ALL vaccines

Getting Started

- Login (or register) to the IDR web page to enter the data collected.
- **IDR website:** apps.azdhs.gov/IDR

The screenshot shows the login page for the Arizona Department of Health Services (AZDHS) Immunization Data Report (IDR) system. The page header includes the AZDHS logo and the text "ARIZONA DEPARTMENT OF HEALTH SERVICES Health and Wellness for All Arizonans". The title "Immunization Data Report" is displayed in the top right. Below the header, there are "Register" and "Login" buttons. The main content area features a "Welcome to the 2024-25 IDR" message, followed by instructions for new users to register. A note specifies that Edge or Google Chrome must be used. The login form contains fields for "Username/Email" and "Password", both with "is required" error messages. A "Login" button is positioned below the password field, and a "Reset Password" link is located to its right. A "Tutorials" section at the bottom provides links for "Child Care/Preschool IDR" and "Kindergarten/6th grade IDR". A footer note directs users to email AZIDR@azdhs.gov for assistance.

New IDR Users: Facility Profile

- When you select a facility, the page to the right will appear. Please fill out your principal/director's information (even if that is you) and whether or not your facility has a nurse.
- Complete all the fields in yellow.
- A unique ID number and facility address may auto populate (these are non-editable).
- NOTE:** Ensure the correct facility was selected since many facilities have similar names.
- Incorrect or incomplete facility information can be modified by filling out the form linked on the homepage.

Facilities with Private Kindergarten or Higher Grades

ADDITIONAL INFORMATION

Does your preschool run a private kindergarten or 6th grade that is not affiliated with a public school district? ☒ Yes ☐ No *

IF SCHOOL INFORMATION (CTDS/LICENSE, SCHOOL TYPE, PHYSICAL ADDRESS, MAILING ADDRESS) IS INCORRECT, PLEASE CONTACT
AZIDR@AZDHS.GOV

Save Close

Yes

- Child care center with a private kindergarten
- Private school with grades higher than preschool; e.g. preschool - kindergarten, preschool - 8th grade

No

- Preschool is physically located on a public school campus
- Facility does not operate grades above preschool

Facilities with Private Kindergarten or Higher Grades

- If you selected Yes, you will be asked to select the private grade school from the drop down list.
- If your facility is not listed, check the box “My grade school is not listed”
 - NOTE: This will auto-populate the grade school information.
- Incorrect or incomplete facility information can be modified by filling out the form linked on the homepage.

Does your preschool run a private kindergarten or 6th grade that is not affiliated with a public school district? ☒ Yes ☐ No *

Please select your private K or 6 school: --Select-- -- Select School --

OR

☐ My grade school is not listed. Information will be automatically added below.

Multiple Survey Reporters

- Multiple reporters for a school are permissible, however, only one person may work on a survey at a time.
- If someone is already working in the survey you select, you will get a message indicating who is currently working on the survey.
- You are able to see who last edited the survey and when.

Child Care Survey With ≤ 10 Students

- Reminder: Children under 18 months are not counted in the survey.
- Child care facilities with **10 or less** children between ages 18 months-5 years check the “Yes” box indicating that you do not need to complete a survey.
 - NOTE: if enrollment increases to more than 10 students next year, an IDR survey will be required.
- Click “Submit to ADHS” upon completion of the fields.

The screenshot shows the 'CHILD CARE SURVEY' form. At the top, it states 'You do not have to submit a survey for children under 18 months'. Below this, a note in red text says: 'NOTE: Please save your entries frequently. You will be logged out for inactivity longer than 60 minutes. The survey will not be saved automatically. You must click "Save" to save your work. For ADHS to receive your final data, you must click "Submit to ADHS". You must resubmit every time you make changes.' In the top right corner, there are 'Save' and 'Cancel' buttons. The 'Submit to ADHS' button is highlighted with an orange circle. Below the note, it says 'These questions pertain to children 18 months through 5 years of age who are currently enrolled in your child care/preschool center.' The form has a section titled 'Student Count' with a table. The first row of the table contains the question 'Do you have 10 or fewer students (18 months through five years) enrolled in Child Care/Preschool?' with 'Yes' selected (indicated by a checkmark) and 'No' unselected (indicated by an empty checkbox). A red asterisk is next to the 'No' option.

CHILD CARE SURVEY

You do not have to submit a survey for children under 18 months

NOTE: Please save your entries frequently. You will be logged out for inactivity longer than 60 minutes. The survey will not be saved automatically. You must click "Save" to save your work. For ADHS to receive your final data, you must click "Submit to ADHS". You must resubmit every time you make changes.

These questions pertain to children 18 months through 5 years of age who are currently enrolled in your child care/preschool center.

Student Count
Do you have 10 or fewer students (18 months through five years) enrolled in Child Care/Preschool? ☒ Yes ☐ No *

Completing the Survey

- Survey in progress will turn from **gray** to **yellow**. Submitted surveys will turn **green**.
- Printable PDFs are available once you have submitted your survey to ADHS.
 - The PDF is for your records only.
 - The printed copy does not need to be sent to ADHS nor will replace the online submission of the survey.
- Modifications can be made to the survey even after a survey was submitted up until **November 15th**.

Tips for Completing the Survey

- **Save your work often!**
 - If logged out due to prolonged inactivity, power failure, or you accidentally exit the application you will LOSE unsaved work.
 - Saved work can be revisited at any time upon logging in again.
- Answer each question as accurately as possible.
- Use the resources available on our [website](#)

make sure # entered = # enrolled

The logo is a circular seal on the left side of the page. It features a central sun with rays, surrounded by various symbols including a cactus, a mountain, a river, and a hand. The seal is decorated with intricate patterns and colors.

Arizona Immunization Requirements FAQs

What is the difference between fully immunized and in compliance?

- **Fully immunized** - percent of children who have received the required doses for each vaccine type and are up-to-date.
 - Target range is **95% and above**
- **Compliance** - percent of children who either have an immunization record or a valid exemption on file.
 - Target is **100%**
- ADHS gives out certificates to schools who meet these targets.

Arizona Revised Statutes 15-871 to 15-874 require all students to be vaccinated to be enrolled in school. The law states students are not allowed to attend and can be removed if they fail to attain the required immunizations or a valid exemption.

What is the difference between fully immunized and in compliance?

- For example: In a class of 100 students: 80 are fully vaccinated for MMR, 10 are exempt, and 10 are not exempt but also are not up-to-date.
 - Coverage: 80/100 are fully vaccinated □ **80% fully immunized**
 - Compliance: 90 are either up-to-date OR exempt for MMR □ **90% compliant**

What does conditional admission, catch-up, and minimum interval mean?

- **Conditional admission** - the student is in process of completing the required vaccinations.
- **Catch-up** - children who have had at least one dose, usually late, and are utilizing the minimum interval period before they can receive the next dose. The IDR survey catch-up question does NOT include children who:
 - Have had less than one dose of the vaccine being reported on.
 - Have no record of immunization.
 - Either have an exemption form on file or no exemption on file.
 - NOTE: If someone is choosing not to vaccinate their child they're not in a catch-up scenario.
- **Minimum interval** - the least amount of time required between vaccine doses to be considered valid.

[Guide to Arizona Immunizations Required for Entry: Child Care or Preschool](#)

[ADHS Vaccine Catch Up Flow Chart](#)

What are the Hepatitis A reporting requirements?

- All preschools/child care facilities in all counties are required to answer the Hepatitis A questions.
- While Hepatitis A is only a child care entry requirement in Maricopa county, ADHS requires the data for analysis and reporting purposes.
- If you are outside of Maricopa county, your responses to Hepatitis A questions **will not** affect your ability to get a certificate.
- It is not necessary to add a comment in the comment sections about your facility being outside of Maricopa county or that Hepatitis A is not required. This will be reflected when ADHS assesses the data.

While Hep A is not required for child care attendance outside of Maricopa County, every Arizona child care/preschool must answer the following questions.

ASIR 109 Form Update

The Arizona School Immunization Record (ASIR 109) Form has been updated on the Arizona Department of Health (ADHS), Bureau of Immunization Services (BIZS) [website](#). The [ASIR 109 form](#) is used for Kindergarten through 12th Grade school immunization documentation. This fillable pdf form can be printed on any printer paper or ordered from ADHS using [this form](#).

School Immunization Documentation FAQ

Are students required to show proof of immunization before entering school?

- Yes! Arizona law requires proof of school-required immunizations before a child may enter or attend any Arizona school or child care center. Refer to the [Arizona Immunization Handbook](#) for a list of acceptable forms of immunization records for entering school (pg. 21).
- School staff should refer parents without records to their healthcare provider or to their local/county health department. Parents can also request records [here](#) or fill out an [immunization record request form](#).
